## County 4-H Recognition Events

County recognition nights include year awards for volunteers, special awards and project medals for members. Reading excerpts from the members' 4-H Stories gives us important

testimony as to how 4-H has impacted our youth. While Cloverbuds cannot earn project medals, they all receive certificates. 4-H records will be returned at the end of the evenings with written feedback from the judges indicating how to improve next year. Members will be able to continue to excel annually if they follow these practical tips. If there are questions about the awards process please contact the office.

### Essex 4-H Recognition Night is February 12<sup>th</sup>

Sponsored by the Essex County 4-H Advisory, the Essex Agricultural Society and the Topsfield Fair, in cooperation with the UMass Extension 4-H Program, the Essex 4-H Recognition evening recognizes Cloverbuds, county project medal winners, volunteers and also those 4-H seniors who earn the MA 4-H Key Award or are selected based on their project records to receive special corporate sponsored awards. All 4-Hers and volunteers who are receiving awards will be recognized with a special dinner in Coolidge Hall, Topsfield Fairgrounds. It is always a wonderful opportunity for the sponsors to meet the 4-H community and honor the great work that youth and volunteers do in Essex County. Letters will be sent to award winners. Make sure to RSVP to [nmccarthy@umext.umass.edu](mailto:nmccarthy@umext.umass.edu)

### Middlesex 4-H Recognition Night is March 7<sup>th</sup>

## Sixth Annual MAC "Bakeless" Bake Sale

The Middlesex 4-H Advisory Council is sponsoring its annual "Bakeless" Bake Sale. **MAC is asking each family to donate \$10 to the council to help support Middlesex County 4-H youth** (instead of asking for donations of food to sell, or time spent for yet another fund raising event). MAC gives annual scholarships for higher education, teen leadership conferences, 4-H Camp Middlesex, needs-based member support, and volunteer 4-H conferences. MAC helps pay for the County Visual Presentation Day, Recognition Night and all medals and awards given. MAC sponsors Winter Forum, teen programs, pays for our website, and other general council expenses. **The fundraiser begins at Winter Forum and continues through Middlesex VP Day.** Bring your donation to Winter Forum or VP Day; mail your family donation directly in to the office; or give it to your leader to send in as part of the club donation to: MAC 4-H Bake Sale, 240 Beaver St. Waltham 02452. ### 4-H Serves the Military for the Holidays

Due to the generosity of "Operation Homefront" working with *Operation: Military Kids*, as well as some of our 4-H groups, we were able to fill Christmas stockings for almost 300 military children! That's three times the number we supported last year!!

Thank you to everyone for the wonderful donations, for transporting hundreds of boxes of toys, and for your hours of selfless service to our military families. Special thanks go to Theresa, our intern from the Milestone School in Waltham, who worked singlehandedly for several weeks sorting and organizing more than 6000 small toys! It was so rewarding for us to hear a heartfelt "Thank You" from each parent and the countless words of appreciation for our efforts on behalf of their children.

The New Year is a great time to take on the **4<sup>th</sup> H for Health Challenge!**

It's easy and can be completed in just 8 meetings. At the first four, serve water, have fruits and vegetables as snacks, and add in a fun game for 15 minutes of physical

activity. Then continue one or more of these healthy activities at four more meetings and you're done!

**4-H'ers will earn a free 4<sup>th</sup> H for Health pin and certificate if completed this program year.**

Wear the pin to show your club's commitment to health!

### Ready to get started?

Visit [www.HealthyKidsHub.org/4H](http://www.HealthyKidsHub.org/4H) to download the Challenge Tracker and find resources for drinking right, snacking smart, and moving more during 4-H meeting times.

*Healthy Kids Out of School* is an initiative of ChildObesity180 at Tufts University. Regional funding provided by the Harvard Pilgrim Health Care Foundation.

### Middlesex 4-H Club is first to earn 30 pins!!

*Submitted by Katherine Paxton*

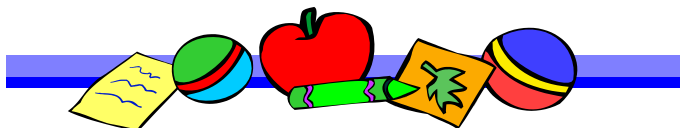

"To earn our pins for the 4th H for Health our club, The RC Carrot Crusaders, did 15 minutes of an exercising game at each meeting. We also brought water in water bottles for our drinks and had healthy snacks. To make it fun we would choose a color of the rainbow and bring a snack of that color. For example red was apples and watermelon, Orange was carrot sticks, Yellow was bananas, Green was grapes, blue was blueberries. Some of the games our club liked were capture the flag, bean bag toss and Indian Chief. We had to check off each meeting we did the exercises, water and healthy snacks. After we completed the forms we submitted them to receive our pins. We had 30 participants this summer and we plan to continue through the school year. We have elected 2 of our club members to be our 4th H Health coordinators to come up with healthy snack ideas and games for each meeting."

**Congratulations to the RC Carrot Crusaders!**

### 29<sup>th</sup> Annual Eastern National 4-H Horse Roundup in Louisville, KY

More than 300 of the nation's most knowledgeable 4-H Horse Program members, including 16 delegates from Massachusetts competed during the 2014 Eastern National 4-H Horse Roundup. Thank you to all 4-H clubs who have already completed the survey.

### Plant A Smile 4-H Club from Middlesex County is featured in MA 4-H Foundation COMPASS

The Plant A Smile 4-H Club under the leadership of Michael Buras has been very busy for over 2 years doing a special 4-H Community Service project. They have been using GIS (geographic information systems) to find gravesites of Civil War soldiers at the Newton Cemetery and link them to individual information researched by the club. The result is an online map accessible to the public!

This year they are helping the Newton Cemetery map over 100 trees located on the grounds. Once they have identified the varieties, the cemetery will be eligible to become a level two arboretum.
